

Walking/Hiking

Circuit panorama

The 5.6 km trail (add 1.1 km if parking your vehicle at the Canton town hall) is located along Noël, Kohl, and Bégin roads. It can be used by walkers, cyclists, cross-country skiers, and snowshoers. The trail combines road and path segments along these three quiet roads.

It offers an unusual view of Lake Memphremagog.

Please note that the trail is closed during hunting season.

Difficulty

Intermediate
